BAYSIDE BISTRO 2704 18TH AVE. ROCK ISLAND, IL

Lift Women's Foundation Client Highlight: Bayside Bistro

Bayside Bistro is owned by LaTisha, aka Ms. Tish, and is a family operated business. LaTisha is a proud Army veteran and leading the charge at Bayside. You can find her husband Darryl, a proud Navy veteran, running the Bayside Smoothies stand at the Freight House Farmer's Market. Many days you can find one or two of their children helping out. Click [here](#) to read more about The Howlett Family.

After many years of private catering, Bayside Bistro opened its first location in Davenport's East Village. During the pandemic, a second location was opened in Rock Island. Late June of 2022, Bayside announced the permanent closure of the East Village location and getting settled into Rock Island. Now, located at 2704 18th Avenue, Bayside continues to deliver a high-quality menu with options for everyone including vegan, gluten-free, vegetarian and more...just ask!

Ms. Tish has some changes coming and invites you all to join the celebration. She shares, "There's no toast like your first toast with the people who make it possible. This Valentine's weekend 2/11/23, we're toasting to every customer that has earnestly supported us in our journey and thinking of those who have passed on. We open our doors with you in mind every day and are so grateful for each of you." Bayside Bistro will uncork their very first bottle of wine and will be offering a selection of beer and wine going forward. Live music will begin at 6:30PM and doors will stay open until 9PM. Click below to call and make your reservation today!

Volunteers and Resources Needed

Lift Women's Foundation is finding new ways to engage the community as volunteers. We are currently seeking event committee volunteers. If you love the details of organizing a large event, send us an email to get involved.

Coming Soon: Website Construction

Lift Women's Foundation currently serves eight clients. By the end of February, we will have a webpage dedicated to current and future clients. You will be able to read their stories and link to their business websites and social media!
